#### COLLEGE CREED

I believe in the inspiration of the Bible, both the Old and New Testaments; the creation of man by the direct act of God; the incarnation and virgin birth of our Lord and Savior, Jesus Christ; His identification as the Son of God; His vicarious atonement for the sins of mankind by the shedding of His blood on the cross; the resurrection of His body from the tomb; His power to save men from sin; the new birth through the regeneration by the Holy Spirit; and the gift of eternal life by the grace of God.

#### COLLEGE MOTTO

No college shall excel us in the thoroughness of our scholastic work; and, God helping us, we endeavor to excel all other colleges in the thoroughness of our Christian training.

\* \* \*

Whatever educational problem a student may have, the Bob Jones College is in position to solve that problem, at least through the sophomore year. In most cases, the college can solve a student's problem beyond the sophomore year.

The Bob Jones College, which has had a successful history for twelve years, will open its 1939-1940 session on the 6th day of next September. Cleveland is in the center of one of the most attractive sections of the entire country. It is only a short distance from the historic city of Chattanooga. It is less than one hundred miles from Knoxville, and only a drive of a few hours from Birmingham, Ala., Atlanta, Ga., Asheville, N. C., and many other interesting cities and towns of the South.

It offers four years of work leading to a bachelor's degree. It is interdenominational, orthodox, and co-educational. It stands without apology for the absolute authority of the Bible.

A famous educator who has visited our college on several occasions said, "I have inspected more than three hundred colleges in the United States. There is something in the Bob Jones College that I have never found in any other institution. You can't tell it. You can't write it. You have to visit the college and feel it." Our college has a spirit all its own. It has an atmosphere of culture without the cold formality which is found in some institutions.

As an institution we believe in denominational co-operation without organic union. We believe in the right of every Christian to interpret the Bible as he may be led by the Holy Spirit, but we deny the right of any Christian to question the authority of the Book. Religiously, our testimony is: "Whatever the Bible says is true." Every teacher in the college signs our orthodox creed once each year.

We are proving in our institution that it is possible to be thorough in scholastic work and to have a happy, contented student body in this modern age, and still hold to the old, orthodox, religious position of our fathers.

While a number of our students are going into the ministry, or to mission fields, or into some other form of Christian work, a great many of them are planning to be lawyers, doctors, teachers, business executives, etc.

**GENERAL INFORMATION**

In studying the courses outlined in this catalogue, you will note that a student may have as many hours in his minor, which is required, as he has in his major. This arrangement enables a student to receive a Bachelor of Arts degree from the Bob Jones College and then to enter a graduate school and receive his Master of Arts degree in the minor which he had in our institution.

A student may have a minor in English, history, or foreign language.

We believe that, because we limit our student body and because of the intensely Christian atmosphere of our institution, we are in a better position to do the work in the fields that we cover than any other institution in the country.

Each student in our college is required to take Bible every year. This applies not only to college students but also to high school students and School of Business students as well. We offer to every student in the college, the high school, and the School of Business, voice, piano, violin, pipe organ, and speech without extra cost, except a small fee for the use of the practice piano or organ. We put much emphasis on public speaking for we do not believe that a man or woman is really educated until he or she is able to stand on the platform of any auditorium and talk with ease to an audience.

Our college has the reputation of being strict; but our student body, we believe, is the most contented group of students on the American continent. The rules and regulations of the institution are made by a committee of the faculty and the students, and can be changed only by a vote of these two groups. The rules and regulations are reasonable and necessary.

At the Bob Jones College, religion is the natural thing. It is not stereotyped, strained, or "overly-pious." It is simple and unaffected. Every class is opened with prayer, and our social gatherings blend easily and naturally into "a little prayer before we go." We believe in a clean social life. We encourage properly chaperoned parties. In all our work and play, in personal life and social relations, we seek to be loyal to the Lord Jesus Christ.

In connection with our college we have a high school offering four years of accredited work. The high school girls are housed in one section of the women's dormitory. The boys in the high school under eighteen years of age are under special supervision.

Every student in our institution receives personal and constant attention. Any student may go for advice or assistance to any member of the faculty at any time. We limit our attendance to a maximum of four hundred dormitory students. The physical health of the students is cared for by supervised calisthenics, baseball, volley ball, basket ball, tennis, playground ball, and hiking. An indoor swimming pool provides facilities for teaching swimming. All students are required to take an hour of physical exercise each day.

Parents may send their sons and daughters to the Bob Jones College and go to sleep at night in perfect peace, knowing that their children are safe physically, mentally, and spiritually.

We shall be glad to give detailed information to any parent or to any prospective student.

Remember, whatever educational problem a student may have, the Bob Jones College is in position to solve that problem, at least through the sophomore year. In most cases the college can solve a student's problem beyond the sophomore year.

**BUILDINGS AND EQUIPMENT**

Located on a beautiful campus in the heart of the residential district of Cleveland, the physical plant of the Bob Jones College combines beauty and utility.

**Women's Dormitories** The women's dormitories are fireproof, well ventilated, and well lighted. All rooms have hot and cold running water, and a number of the rooms have connecting baths.

**Men's Dormitories** There are two new brick dormitories for men. These buildings are arranged for comfort and convenience. Each room has hot and cold running water, closet, and storage space.

**The Dining Hall** The college has a new dining hall built in 1937. This building is modern in every respect, spacious, and cheerful. Students are seated at small tables, and place assignments are frequently changed in order that students may make pleasant and varied contacts at meals. In this new building are also located the home economics sewing-room, kitchen, and dining rooms. Private dining rooms are available for special parties.

**Class Room Building** The class room building is a two-story brick building, well lighted and equipped. The classes of the School of Business are housed on the ground floor of one of the men's dormitories, where there are also two other large lecture rooms.

**Margaret Mack Auditorium** This new building which was dedicated on Easter Sunday, 1936, is one of the most perfectly equipped auditoriums in the South. Here are located most of the studios of the Music and Speech Departments.

**Gymnasium** The Bob Jones College has one of the finest college gymnasiums in the Southeast, well equipped with locker rooms, showers, etc.

**Science Equipment** The college maintains an adequately equipped scientific laboratory.

**Library** The college maintains a constantly expanding library, which occupies well lighted, spacious, and conveniently arranged quarters. The library is well equipped and catalogued. The City of Cleveland has a public library close by, and its services are available to students.

**Store** "Little Moby's Corner," located on the campus and operated by the college, carries a full line of school supplies and all necessary textbooks as well as stamps, postcards, fruit, candy, ice cream, soft drinks, etc.

## CURRICULA

### The College Offers the Following Curricula:

1. Bachelor of Arts degree with a major in Music, Speech, or Religion. The work of the first two years is the same as that of any standard college, and a student may transfer to another school after two or three years in the Bob Jones College and receive full credit for his work.
2. A Two-year Teacher's Course leading to a permanent elementary certificate in Tennessee and a four-year Teacher's Course leading to a permanent professional high school certificate in Tennessee. Both of these courses are approved by the State Board of Education.
3. The School of Business, in connection with the college, offers a one-year business course, including a secretarial course and a bookkeeper's course.
4. The four-year high school, in connection with the college, offers the regular state adopted high school courses, and is fully accredited by the State Department of Education.

## PHYSICAL CARE

**Health Service** Every dormitory student of the Bob Jones College has medical service included in his fees. A fine, well-trained, competent Christian physician is available for the students at certain definite office hours. In case of an emergency, he may be called any hour of the day or night. A trained nurse is resident in the college dormitory to look after the physical welfare of the women students. Cleveland has two well-equipped hospitals with trained staffs of physicians and attendants.

**Physical Education** All students are required to take regular classes in physical education unless excused by a certificate from a physician. A program of intramural sports is provided for both men and women students. Organized classes in calisthenics, remedial exercises, and hygiene are maintained. Instruction is given in such sports as tennis, swimming, basket ball, volley ball, playground ball, track and field events, and hiking. The principal objectives are:

1. Learning to keep physically fit, and to protect the body against weakness and disease.
2. Learning to practice co-operation and good sportsmanship.
3. Learning some sports in which the student can participate after he leaves college.

**RELIGIOUS SERVICES**

**Sunday School** Sunday school is held on the campus each Sunday. At the opening and closing exercises, all the various religious denominations meet together. A general superintendent, elected by the entire Sunday school, presides. For the lesson periods, the various denominational classes retire to separate rooms where they are taught by teachers of their own choice.

**Sunday Morning Worship** The Sunday morning worship at 10:45 is a regular feature of the college religious program. Every student is required to attend the Sunday morning worship service except in the case of young ministers who are away conducting services. There is a regular choir which presents special music. The message is brought by the president, some minister who is a member of the faculty, a student of the Ministerial Association, or a visiting clergyman.

**Vespers** The four o'clock Sunday vesper service is probably the best known of all the religious services of the Bob Jones College. It presents members of the faculty and students of the Departments of Speech and Music in a sacred program. Occasionally, a religious drama is presented by the Speech Department. These vespers are both cultured and devotional, and are largely attended by visitors from miles around.

**Young People's Societies** The various denominational groups—Christian Endeavor, B. Y. P. U., Epworth League, etc.—hold their regular meetings each Sunday afternoon following the vesper service.

**Sunday Evening Worship** There is no evening service on the campus, but students are urged to attend Sunday evening worship at the church of their own denomination in Cleveland.

**Chapel Services** One of the most interesting features of the Bob Jones College is the forty-five minute chapel service held every morning from Monday through Saturday. These services are a source of great inspiration to the students. Five days a week the chapel message is brought by the president when he is on the campus, and in his absence by selected speakers. On Monday the student body meets at the chapel hour. Attendance is compulsory.

**STUDENT ORGANIZATIONS**

**Literary Societies** There are no fraternities or sororities on the Bob Jones College campus, but there are eight flourishing literary societies. Every student is eligible for membership in one of these groups. The Sigma Lambda Delta, Sigma Kappa Rho, Chi Sigma Phi, and Tri Sigma are for the girls and the Pi Gamma Delta, William Jennings Bryan, Chi Delta Theta, and Phi Beta Chi societies are for the boys.

**Pan Hellenic Council** The Pan Hellenic Council is composed of the president and one representative of each of the literary societies. The purpose of the Council is to guide and control the activities of the literary societies.

**Pioneer Club** The Pioneer Club consists of all members of the faculty and the student body who were connected with the college during its first year.

**The Friendship Club** The Friendship Club is composed of all the girls on the campus. The purpose of the club is to create a closer bond of friendship among the girls in the college.

**The Life Service Band** The Life Service Band is an organization of students who have volunteered for definite Christian service. It seeks to train and encourage its members to become efficient in personal evangelism.

**The Student Foreign Missions Fellowship** The Student Foreign Missions Fellowship is composed of those students who have been definitely called to the foreign mission field. The local group is identified with other similar groups in orthodox Christian colleges. The objective of the group is to stimulate missionary vision and zeal on the campus.

**The Ministerial Association** The Ministerial Association is a band of students who have been called into the ministry. The association aims to promote in every way possible the work of the kingdom of God.

**The Laymen's Club** The young men who belong to this club are those who have decided that they will use all their opportunities to lead the unconverted to their Lord and Savior.

**Denominational Organizations** The various religious denominations have their own young people's societies and Sunday school classes. Students are urged to attend the meetings of the denominational group with which they have been af-

filiated at home.

**The Choral Club** The Choral Club consists of students carefully selected for their musical talent. The best choral music, accompanied and unaccompanied, is studied. The club appears in several formal concerts during the year.

**The Classic Players** The Classic Players are the only college Shakespearean repertoire group in the world. Membership is open to all students who show talent or ability in public try-outs.

**Orchestra** There is an excellent orchestra, composed of those students who play musical instruments, under the supervision of a trained director. This orchestra gives numbers at vesper services, at recitals, and on various other programs during the school year.

**Intercollegiate Debates** Any student is eligible to try for the inter-collegiate debate teams which engage in debates with other colleges and universities on various occasions during the year.

### SPECIAL ADVANTAGES

**Artist Series and Recitals** The students of the Bob Jones College have the opportunity of hearing, in the course of the year, a number of outstanding artists—musicians, readers, and lecturers—who are presented in the Lyceum Series. In addition, there are recitals by members of the faculty of the Departments of Speech and Music which are also included in the Artist Series. A portion of each student's fee is applied on a season ticket for the Artist Series.

**Student Recitals** Recitals are given monthly by the students of the Music and Speech Departments who thereby have an opportunity of appearing in public. Attendance at these recitals is compulsory for all students of the Music and Speech Departments. Students majoring in Music or Speech are required to give a recital during their senior year.

**Radio** Talented students have an opportunity for radio appearances on the college broadcasts.

**Debates** The students' literary societies sponsor inter-society debates each year. Participants are selected by the students in the societies. The final debate is one of the chief events of the commencement exercises each year.

**Contests** Various music and speech contests are held at commencement and medals are awarded to the winners.

### PUBLICATIONS

"The Fellowship News" is a paper published weekly at the college. It is the official publication of the International Organization of Young People's Fellowship Clubs.

"The Conqueror" is a literary publication, issued monthly by the students.

"The Vintage" is the college annual, published by the students.

### EXPENSES

The total cost for room, board, tuition, and fees for the nine months amounts to \$432.50. In addition, there is a small rental fee for the use of a practice piano or organ and a Student's Activity Fee of \$5.00 a semester. These expenses, itemized, are as follows:

Tuition and fees, a semester .....	\$92.50
Room and board, a month .....	27.50
Piano rental, a semester .....	3.00
Voice fee, a semester .....	3.00
Pipe organ rental, a semester .....	12.50
Student Activity Fee, a semester .....	5.00

The Activity Fee pays for "The Vintage", the college year book; for all college programs; the Artists Series; and for athletic activities.

No payments will be refunded to students who leave the college for any reason.

### SCHOLARSHIPS

A few loan scholarships are available to worthy students who are not able to make full payment for board and tuition.

### REQUIREMENTS FOR ADMISSION

All candidates for admission to the college must give satisfactory evidence of good character, and all students transferring from other schools must present a statement of honorable dismissal.

### ADMISSION TO FRESHMAN CLASS

Graduates of accredited high schools will be admitted to the college upon receipt of a properly certified statement from the principal of the high school showing that at least 15 units of acceptable work have been completed. (A unit represents 5 periods of at least 45 minutes each week for 36 weeks.)

**This statement should be forwarded directly from the principal to the dean before the opening of school. Blanks for this purpose will be furnished by the college.**

Candidates should present at least—

- 3 units of English,
- 1 unit of algebra,
- 1 unit of plane geometry,
- 1 unit of history, and
- 1 unit of laboratory science.

Not more than 3 units in vocational subjects will be accepted.

Students who do not present 2 units in a foreign language will be required to complete 18 semester hours of a foreign language in the college instead of 12 semester hours in order to satisfy the foreign language requirement. The minimum number of units that will be accepted for entrance in any one foreign language is 2.

Students who present 15 units but who are deficient in some specified unit will be admitted, but the deficiency must be removed before the beginning of the second year. Students who meet the entrance requirements, but are not prepared to do work in certain subjects they wish to pursue, may take such preparatory courses in the high school.

Candidates who are graduates of unaccredited high schools and mature students whose work has been irregular, will be given certain general tests at the beginning of school, and upon recommendation of the Scholarship Committee will be

enrolled and placed on probation for one semester. If such students meet the educational requirements of the college during this time, they may be allowed to continue their work. All entrance requirements must be met before such students can become candidates for degrees.

### ADMISSION TO ADVANCED STANDING

Applicants for advanced standing should have a transcript of their high school and college credits with a statement of honorable dismissal sent directly from the registrar of the last school attended to the dean of Bob Jones College. This should be sent as soon as possible before the opening of the school year.

### SCHOLARSHIP REGULATIONS

A small fee is charged for special examinations. Students who remove an E or an I will not be given a grade higher than D.

**Schedule of Work**

Sixteen hours of class work a semester constitute a normal load for a student. Students who have work scholarships will reduce their program of studies accordingly. Upper class students with an average grade of B will be permitted upon recommendation of the Scholarship Committee to register for a limited number of additional hours.

**Change of Schedule**

No student may drop a course, begin a new course, or make any change in his schedule after registration is completed without the permission of the dean. After the first two weeks a student who makes a change in his schedule will be required to pay a fee of \$1.00.

**REQUIREMENTS FOR GRADUATION**

The Liberal Arts College is organized in two divisions. The Lower Division includes the freshman and sophomore years and the Upper Division includes the junior and senior years. The Bachelor of Arts degree is granted upon completion of one of the curricula of the Upper Division.

In the Lower Division, the work required is general in character fitting the needs of practically any student, including those of the pre-medical and pre-law students, prospective teachers, ministers, and students planning to enter other professional schools. The regular courses offered in most liberal arts colleges are given.

We do not ordinarily advise any student to remain in the Bob Jones College beyond the sophomore year unless he or she is especially interested in music, speech, or religion. However, many students who are not especially interested in these three subjects finish their junior year here and then transfer to some other college or university for the work of their senior year. A number of students have taken a major in music, speech, or religion, with a minor in English, or some other subject, and having received their Bachelor of Arts degree in Bob Jones College, have gone to graduate schools and earned the Master of Arts degree in the subject which was the minor while at Bob Jones College.

The work of the Upper Division is specialized in character. It is concentrated around the three major fields: Music, Speech, and Religion. Students are admitted to the Upper Division when they have completed the work of the Lower Division, or its equivalent, with an average grade of C. Each student selects music, speech, or religion in which to do his major work, and English, history, or a foreign language in which to do his minor work. His major professor will act as an adviser and will assist him in the selection of his minor subject.

### Specific Requirements for the Bachelor of Arts Degree

**Residence** At least one year in residence at the college, including the last semester of the senior year, is required. If a student is in residence only one year, a full load of work must be carried and as many honor points earned as hours taken.

**Hours and Quality Points** At least 130 semester hours and 130 honor points must be earned. Not more than 6 hours may be earned in extra-curricular activities. At least two-thirds of the work during the junior and senior years must be taken in courses numbered 300 and 400.

**Comprehensive Examination** During the semester preceding graduation a comprehensive examination covering the major and minor subjects is required. A candidate for a degree with a major in speech or music is required to give a public recital during the senior year.

NOTE: Before presenting their graduate recitals, all music and speech majors are required to attend a series of special classes in platform technique and audience contact.

**Specific Courses** The following courses are required of all candidates for the Bachelor of Arts Degree:

Freshman Orientation . . . . .	2	semester hours
English 111-21, 211-21 . . . . .	12	" "
History 111-21, 411-21 . . . . .	12	" "
*Bible 111-21, 211-21 . . . . .	4	" "
Mathematics . . . . .	6	" "
Science . . . . .	6	" "
**Foreign Language . . . . .	12 or 18	" "
Speech . . . . .	6	" "
Psychology . . . . .	3	" "
***Physical Education . . . . .	4	" "

\* Same Bible course must be elected each semester by all students.

\*\* Students who do not present as many as 2 units in a foreign language for entrance are required to complete 18 semester hours of foreign language in college. Students who continue the language started in high school, are required to take 12 hours in college.

\*\*\* Unless excused by a physician. Students who are excused are required to earn the 4 hours in some other subject.

**Major and Minor** A major in music, speech, or religion and a minor in English, history, or a foreign language must be taken. Requirements in the different departments are listed under Departments of Instruction. A course completed

with grade of D cannot be counted toward a major or a minor requirement in any department.

A large percentage of the graduates of the college goes each year to graduate schools of the universities for further work leading to Master's and Doctor's degrees. This graduate work may be taken in the major or minor subject pursued by the student in the college. The student should have in mind by the end of his junior year the type of graduate work he wishes to do, and, if possible, he should select the institution in which he plans to study. This will enable him to plan his work during his senior year in accordance with the requirements of the graduate school. A student will not be recommended for graduate work unless he makes an average of B in both major and minor subjects.

The student who plans to teach in the elementary schools should elect courses in elementary education and other courses in accordance with the requirements of the state in which he wishes to teach. The student who wishes to meet the certification requirements in Tennessee should take the regular Elementary Teachers Course. This course is approved by the State Board of Education, and permanent elementary certificates are granted by the State Department upon its completion. These certificates may be validated in some of the other states.

The student who plans to teach in the high schools of Tennessee should elect 18 semester hours in courses in secondary education. The student who plans to teach in high schools of another state should elect courses in accordance with the requirement of that state.

A student who plans to enter a medical school, law school, or some other professional school should consult the requirements of the particular professional school he has selected. The college administration and faculty will be glad to furnish information which will assist the student in planning his work in accordance with the entrance requirements of the professional school he wishes to enter.

## DEPARTMENTS OF INSTRUCTION

The numbers under Courses of Instruction relate to the year, the semester, and the course. For example, En. 321 means English given primarily for third year students (juniors), the second semester, and the first course. Re. 211 means sophomore Bible, the first semester, the first course. Courses numbered from 100 through 200 are for students in the Lower Division, and courses numbered from 300 through 400 are for students in the Upper Division.

Credit is given in terms of semester hours, a semester hour being defined as 18 hours of class work or 36 hours of laboratory work. Therefore, a class which meets for class work 3 hours a week for a semester will ordinarily give 3 semester hours of credit. A class which meets for class work 3 hours a week and for laboratory work 2 hours a week will give 4 semester hours credit.

## BIBLE AND CHRISTIAN EDUCATION

Dr. Osipoff, Dr. Haight, Mr. Parker

For an age like ours, when materialism, skepticism, modernism and all kinds of godlessness are so aggressive, there is a great need for a consecrated, Spirit-born and Spirit-filled ministry. The young people of to-day must become the spiritual leaders of tomorrow, if our Church is to survive and if Christianity is to be triumphant. To meet this need Bob Jones College is offering an intensive course of training in Christian Education, designed to inspire, inform, and firmly establish young people in the fundamentals of the Christian faith.

Two majors are offered:

(1) **Major in Bible.** Students who major in Bible must complete 20 semester hours in Bible in addition to the courses required of all students. These courses must be chosen from those numbered from 300 through 400. Ministerial students who major in Bible should elect 12 hours of Greek and 6 hours of Hebrew (or 18 hours of Greek), and 12 hours of Christian Education.

(2) **Major in Christian Education.** Students who major in Christian Education must complete 24 semester hours in their major field. They are also required to take 12 hours in Bible.

**SCHOOL OF BUSINESS**

Mr. Lee, Mr. Edwards, Mr. Hicks

The President of the college has felt for some time that there should be somewhere a Christian business school. After much prayer and thought such a school has been established on the campus of the Bob Jones College.

Many young people, because of their financial condition, do not see how it is possible for them to complete a four-year college course, but they would like the privilege of being in the atmosphere of a Christian college for at least one year. This privilege is now offered to such young people. Students may enroll in the Bob Jones College and complete in nine months a course in bookkeeping, shorthand, typewriting and related subjects, and at the end of the year may receive a certificate upon graduation.

Each student enrolled in the School of Business is required to take Bible in the Bible Department of the Bob Jones College and, in addition, may take speech or music. If such student does not desire to take music or speech, he will be permitted to take three hours of regular college work each semester.

After having completed the business course and the required college work which is given in connection with the business course, the student may then enter, if he desires, the regular Liberal Arts college course and will receive approximately a year's credit for the year's work done in the School of Business, provided the college entrance requirements have been met.

This arrangement will make it possible for many young people to get at least a start in college work. Usually a student who can go to college one year finds it possible to continue his education. However, if after one year in the School of Business a student is not in position to continue college work, he will be equipped to fill a commercial position and will have had the cultural advantage of a business course taken in the environment of a Christian college.

The expenses for the School of Business are the same as in the regular college. See page 19.

**REGULATIONS RELATING TO STUDENTS****Grading System**

A small fee is charged for special examinations. Students who remove an E or an I will not be given a grade higher than D.

All College of Business students will be under the same rules and regulations as the students in the Liberal Arts College.
